

How are you?

We cannot imagine what you are going through and hope that you feel supported and loved in this journey. We would love to give you the opportunity to learn more about us. If we should be so lucky to be the adoptive family you choose, we will surround him or her with tremendous love, comfort, safety, and support. We look forward to learning more about you and want to let you know that we will be there for you.

Family is very important to us, and we always knew we wanted a family together. We chose adoption after learning of our inability to have children. We would be very excited to share this journey with you if you wish.

We are best friends in everything we do.

Together 8 years, we love traveling, time at the cabin and playing games.

Family and food are huge parts of our lives. We are often spending time with them making dinners or barbecuing.

We both have jobs with a flexible work schedule that allows us to work from home often. We take annual road trips, and not only do we plan it by a location, we also plan it by different restaurants on Food Network TV shows we've seen.

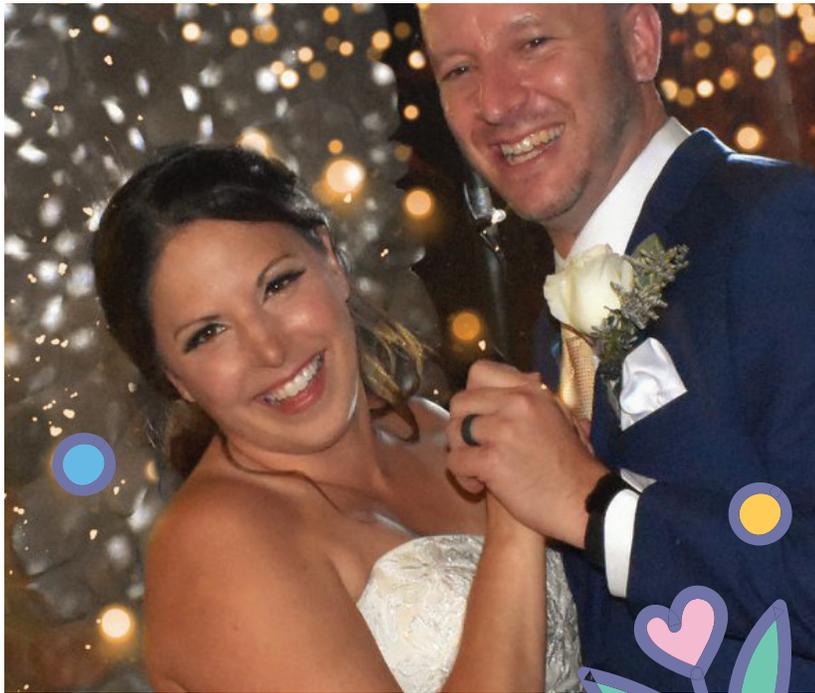

We live in a south metro, suburban neighborhood, with a park in our backyard, which includes a basketball court, walking trails and a pond.

Hello!

from

Gary & Denise

Denise (by Gary)

Denise is honest, kind and generous. I have no doubt she will be an amazing mother! She is one of the most thoughtful people I have met. She pushes me to be the best me and encourages me to try new things and experience the world.

Denise loves being outdoors, traveling, cooking and spending time with family and friends. Whether at her job as an Office Specialist or in her personal life, she takes great care of everyone in her life and often puts others' needs in front of her own.

THANK YOU!

We know that you are making a very difficult, yet courageous and selfless decision in choosing adoption. We hope that we may be able to fulfill your dreams for your child, and we would welcome as much contact as you are comfortable with. Again, we thank you for providing a loving couple with the miracle of a child!

Gary (by Denise)

Gary works hard and plays hard. He is funny and makes me laugh. Gary's a kid at heart and ia lot of fun to be around! Great at his job as a Project Manager, he is smart and enjoys trivia, watching jeopardy and reading a good book.

Gary is a great dad to 3 children from a previous marriage. He loves playing games, staying active and playing sports, especially volleyball. He loves telling 'Dad' jokes and watching reality TV shows such as Survivor and Big Brother.
