

"LIFE IS A JOURNEY, NOT A DESTINATION"

OUR PATHS MEET

We admire you for your courage and your love for your child! We hope you can find comfort in our unconditional loving family, and our commitment to always honor you. We would like to invite you into our family if that is your desire. No matter what you decide, we are cheering you on!

ADOPTION IS A PROMISE

Perfect we will not be, but we will always try our best
Raise our child in a Christian home
Openly talk with our child about their adoption
Make opportunities available through education & community
Instill the virtue of kindness to everyone
Support any degree of openness you wish
Eternally grateful!

**BECKY
AND
CHAD**

The Road that Led us Here: **WHY ADOPT**

We love being parents and want to grow our family! Having experienced secondary infertility, our faith has brought us to the miracle of ADOPTION!! Fully admitting we don't have all the answers, we promise to be open and supportive. Above all, your child would always know the selfless love you have for him/her.

THIS IS US

- A cousin's wedding brought us together unexpectedly. After a surprise proposal at the reception hall where we met, we've now been happily married for over 10 years.
- Chad – Sentimental, romantic, loyal – and his loud laugh lights up the room.
- Becky – Passionate, positive, organized – and her personality naturally draws people in.
- We love life together as a couple, sharing a passion for travel and new family adventures.
- Our lives were forever changed by the birth of our son Brayden. We love being parents and can't wait for the miracle to grow our family through adoption!

FAMILY

We cherish and have fun with our families, both close and extended. Family gatherings include over 30 people together for food and fun! A favorite holiday tradition is sledding and cutting our own Christmas tree.

FRIENDS

Our lifelong friends are like family to us and frequent get togethers include cabin trips, birthday parties, sporting events, and just living life together!

HOME

We live in the Southwest metro, in a great school district. Kids are always out and about at nearby parks, skating in backyard rinks, and building forts in our woods.

CAREERS

Chad has spent his career in Sales and Becky in Human Resources. We both feel fortunate to be successful in our careers but even more important to us is that we work for companies that support adoption. Becky recently started an adoption group at her company!

TRAVEL

We love to travel! Some of our favorite vacations include: whale watching in Hawaii, New York Macy's Thanksgiving Day Parade, ranch life in Texas, and going to MN lake cabins!

VOLUNTEERISM

We are involved in Cub Scouts, church activities, and lots of school events. We volunteer for Feed My Starving Children, Families Moving forward, employment ministries, and refugee resettlement.

SPORTS

We are big MN sports' fans – as season ticket holders, our 1st love is the Vikings (depending on their record)! Brayden has fun trying out multiple sports and Dad loves coaching!

MEET BRAYDEN

Activity: Building massive Lego sets

Signature style:
Sporty zip jacket and pant-set.

Proud moment: Winning the Pinewood Derby in Cub Scouts

School: Spanish Immersion
(loves to stump dad with Spanish words)

For years, Brayden has said,
"I want 11 brothers & sisters; 6 boys and 5 girls."
Brayden will be an amazing Big Brother!
