Well, hello there!

Thanks for taking the time to learn about us.

As you navigate the ups and downs of these next few months, we'd like to thank you for choosing the selfless act of adoption. If you choose us, we will love you and the life you are bringing into this world. Hopefully, these words and photos give you a meaningful snapshot of our life (you'll probably realize how much Josh loves hats 😊).

About Us

We have been married just under 7 years and have one son through adoption. We live in a quiet neighborhood about 10 minutes from the Mall of America.

From the beginning, adoption was always a dream of ours. However, we have also learned that infertility is a piece of our story. That has made adoption even more special to us.

Our church is important to us, and we are happy that they have a community of families that have adopted!

One weekly tradition is exploring bakeries for a yummy treat. Blueberry muffins are Josh and JJ's favorite, and anything almond is Laura's! We can't wait to create memories that include a new member of our family!

JJ

We adopted our son in 2018 and regularly get together with his birth mom and extended family! At almost 4, some of his favorite things are being outside, pretending to be a dinosaur, playing with trucks, and going on walks with our dog, Riley. We know he will be an awesome big brother!

We'd Love to Meet You!

We are excited to adopt again and to raise children who can share an adoption story. Know that we would love to have an on-going relationship with you, if you are comfortable. If you choose to meet us, we'd be thrilled to get to know you and talk about the life you dream for your little one. We want you to feel comfortable with your decision, so please call, text, or email anytime. ❤️
