WE VALUE: Family Time - Culture and Heritage - Family Traditions - Education

Nick was born and raised in Minnesota, while Aleks was born in Mexico and moved to the U.S. as a child. We met in 2017 and married in 2020. Both of us come from strong families. We enjoy spending time with family and friends hosting BBQs and holidays. We are known as the "Holiday House" in our neighborhood! We have five dogs: Yoshi, Apollo, Athena, David, and Alexis! Four are siblings from the same litter.

Aleks is working on his degree in social work and will continue on to his Master's Degree. He is bilingual in Spanish and English. Keeping cultural traditions is important to Aleks, and we celebrate special occasions with his family. Aleks enjoys playing music and learning new instruments. He used to sing in a band and enjoys performing!

Nick has his Master's Degree in healthcare administration. He values family and holds many holiday family traditions. We have been able to blend both our family traditions, which has been very exciting. Nick finds spending time in the garden extremely relaxing, and he built a beautiful rose garden. He also grows and cans many vegetables, which he learned from his grandparents. Nick loves to cook and learn new recipes, especially traditional Mexican dishes from Aleks's mother.

Thank you for taking the time to learn about us! We would love the opportunity to provide a loving and educational home for your child while maintaining communication. We would love to hear from you!
