

Hello and Thank You

I cannot begin to imagine the difficulty of this journey for you. I admire your courage and strength to embark on this journey and make an adoption plan for your child. With me, your child will know how much you truly love them, and we will work together to create an open adoption plan, if you wish!

Joy

Why I Am Adopting

I believe that every path we take in life is guided by the grace of God. It has been my life-long dream to become a mom. I am not able to biologically have a child, and I am so excited to follow the path before me and create a family through adoption!

Career

With a graduate degree in education, I have worked 10 years as a special education teacher and currently work with elementary students. My goal is to help students learn the skills they need to obtain their dreams. I believe that all children can grow and learn with a loving and strong support system!

About Me

I look forward to raising a child to look for beauty in the world, in people, and to treat others as they want to be treated. It is important to me that a child has the opportunity to be independent while always feeling supported and loved!

I want to share my passion for the water (pool, splash pad, or playing in the lake), my love for family, cooking, reading, and learning. I look forward to taking trips to the zoo, museums, fairs, and parks.

Home and Family

I grew up and live in a small town just an hour outside of the Twin Cities. My home is in town with community parks nearby. I am lucky to have an amazing support system of family and friends living near me. My parents are 10 minutes away, and my brother and his girlfriend are just 20 minutes down the road.

All of my family are very supportive of my decision to adopt, and they look forward to welcoming another child into their lives. (I hope to someday find "Mr. Right" and welcome him into my family as well.)

Thank You

Thank you for reading my letter! While we have not met, please know I will pray that you find comfort and strength in your decision. I hope to hear from you!

With love ~ Joy
