

NATHANIEL & LOGAN

WE HOPE THIS LETTER FINDS YOU WELL!

We cannot fathom the emotional journey you are going through, and we want to express our deepest admiration for your courage and strength. Since the moment we met, we have always known we wanted to become parents. We have taken time to prepare ourselves emotionally, physically, and mentally to be parents and are excited to be on this journey.

WE WOULD BE HAPPY TO CONSIDER AN ADOPTION PLAN THAT YOU ARE COMFORTABLE WITH.

ABOUT US

We met in college 10 years ago through mutual friends and have since been best friends enjoying our time together and shared hobbies. We are close to both our families who are excited about our adoption journey and will be very involved in your child's life. We were married in 2019, and immediately left to go on a camping trip, which really describes our life together.

PETS

We have two dogs, Diesel, who is laid back and loves to cuddle and Izzy, who is smart and energetic, who are polar opposites but both great with kids!

OUR HOBBIES

CAMPING IN OUR CAMPER IN STATE & NATIONAL PARKS

HIKING WITH OUR DOGS

VISITING AQUARIUMS WHEN WE TRAVEL (THE MOST EXOTIC BEING ON THE OCEAN IN CURACAO)

ATTENDING MUSICALS AND ORCHESTRA CONCERTS

SITTING OUTSIDE IN THE EVENINGS DISCUSSING CURRENT EVENTS

OUR HOME

Living in the suburban Twin Cities, we are close to multiple parks and playgrounds. We live next to an elementary school and will be able to walk our child to school every day! We love evening walks and riding our bikes on one of the nearby trails.

ABOUT NATHANIEL *by Logan*

Nathaniel is going to be a great Dad! Smart and driven, he hopes to make the world a better place. Nathaniel grew up in Michigan with a large family and is close to his younger siblings. His family was heavily involved in scouting, and as an Eagle Scout, he is excited to pass on the

tradition. With a master's degree, he is a successful Project Manager for a medical device company. His dream is to work for an organization where he can make a difference in the lives of those less fortunate. Nathaniel loves to garden and is in charge of all our flowers and plants. Nathaniel will be the parent helping with math homework!

ABOUT LOGAN *by Nathaniel*

Logan is going to be an amazing father and has been wanting a child ever since we met! He is driven and accomplishes anything he puts his mind too, including getting his master's degree and pilot license. Logan has many outdoor hobbies including biking, hiking, camping, and spending time with our two dogs.

After spending 10 years as a nurse, Logan now works in the medical device field ensuring products are safe. He is an only child who grew up in Kentucky on a small farm with many animals. Logan talks to his parents daily, who are very excited to be Granny and Papa! Growing up, he learned a lot of skills such as car maintenance and home repairs. He will be the parent teaching a child how to change a tire and the oil in their 1st car.

THANK YOU FOR CONSIDERING US!

Our promise is to give your child a loving, nurturing home, where they will grow up with our support and encouragement to be their best possible person. We promise to maintain open communication with you. Thank you for considering us as Dads to your child! We wish you the very best, no matter where your journey takes you!

*We hope to hear from you,
Logan and Nathaniel*
