

HELLO!

We are excited to connect with you! We know that it takes an incredible amount of love and strength to make this decision for you and your child. Please know we are praying for you and feel honored that you would consider us during this process.

We hope this letter gives you a glimpse into our lives.

KIM & JOSH

OUR STORY

We met in 2012 through a mutual friend and quickly bonded over buffalo wings and bad jokes. We were married in 2016 and settled near Rochester, and the jokes have not stopped—our home is full of lots of laughter! We have always known that we wanted to be parents, but struggled with infertility. We are thrilled to grow our family through adoption. We hope to have an open relationship with you and believe a child can never have too many people in their life that love them!

GUS & CHESTER

Our cats are brothers who love to play and snuggle. As their names suggest, Gus is goofy, while Chester is more sophisticated—he is actually named after the restaurant where we had our first date!

KIM

Kim grew up near the Twin Cities, where her parents and sister's family live. She works in healthcare and enjoys her job in radiology as an **MRI technologist**.

Kim loves spending time with family and friends, reading, live music, arts and crafts, and traveling.

Josh describes Kim as: The kind of person that is always putting others first and knows how to make everyone in the room laugh.

JOSH

Josh grew up in southern MN. His parents live less than an hour from us, and his brother's family is in northern MN. Josh has a passion for working with children which led to his job as an **elementary school principal**.

Josh enjoys cooking, cycling, fitness, computers, and cars.

Kim describes Josh as: Kind, generous, hardworking, funny, loving, and a great chef.

TOGETHER

We love hosting dinners and holidays for our family and friends. We have five nieces and nephews who bring us so much joy!

We promise to love your child unconditionally in a home full of love, faith, kindness, laughter, and adventure. We will always tell them about their adoption story and make sure they know how much you love them!

THANK YOU

for taking time to learn about us. We hope to hear from you and can't wait to get to know you!

Please don't hesitate to reach out.

-Kim & Josh
