

BEN + BOBBI

THE STORY OF US

We met on a dating website. We hit it off and dated for two years before Ben proposed on a camping trip. A year later, we were married on the North Shore of Minnesota in 2017.

We live in the Northwest Metro and can be found on a walk in the park reserve, enjoying food at a local restaurant or browsing shops and book stores.

Adoption has been woven through our family history and is a huge part of what makes us who we are. We are eager to begin our adoption journey and excited for what is to come.

OUR ADOPTION STORY

Both our families are **supportive and excited** for us to start our family through adoption.

Bobbi's dad and aunts were adopted by her grandparents. It is such a special and beautiful story of **love and gratitude**. Bobbi has always wanted to grow her family through adoption.

Ben's family fostered many children throughout his childhood and Ben has many **fond memories** of these kids and they still hold a special place in his heart.

Early on in our relationship, we discussed children and we both knew that adoption was the path for our family.

We are excited to start this adventure and know we will have a **safe, fun and loving home** for our future child.
