

EXCITED TO ADOPT AGAIN!!

We haven't met you in person, but we already think of you as one of the strongest and most selfless people we know.

Your brave decision inspires us, and we admire your courage. This letter gives a glimpse of who we are in hopes that we will get to meet you!

OUR JOURNEY

We met on our study abroad trip in Ireland in 2010 and since then have gone through the ups and downs of life, including graduating college, starting our careers, getting married, struggling with infertility, and adopting our daughter, Eloisa. Everything we have experienced has shaped us into who we are today. We are grateful for the opportunity to adopt again! We love being parents and cannot wait to become a family of four!

WHO WE ARE

Family, friends, faith, and living a fun-filled life make up the core of who we are. We are fortunate to have many nearby family members and friends who have adopted and support us during our own adoption journeys. Our home, in a northern suburb of the Twin Cities, is in a great school district and is close to many lakes, parks, and trails.

**ELOISA WILL BE THRILLED
TO BE A BIG SISTER!**

**Our dog,
Darby, and cats,
Squish and Gus.**

Faith is an important cornerstone in our relationship. We look forward to raising our children within our Catholic beliefs. We enjoy being involved at church and volunteering as much as we can.
