

Jacob & Rachel

Hello,

We are very excited about adoption and to learn more about you! While this can be a long process, we want to be there for you along the way. We will be as supportive for you as we can and hope that we are the couple you are looking for.

Leo & Cadance

Our Story

We first met online in 2014, and became inseparable. We discovered we had a lot of similarities and even our families knew each other. We always wanted to have children, but found out through infertility that it was not possible. We are so excited to start our family through adoption and are willing to be open and understanding with you.

Our Life Together

We live in west suburban Minneapolis, and we both work for large insurance companies. Jacob enjoys playing video games online and talking to his friends, while Rachel enjoys reading and cooking. Generally, we both enjoy traveling and spending time with friends and family. We've taken a family cruise to Europe, and we also go to Florida as often as we can. Family means a lot to both of us so we make sure to see them.

Jacob Writes About Rachel:

Rachel is a loving and outgoing auntie, sister, and wife! She goes out of her way to be with family, and she is the best auntie to both her nieces. She has a strong determination to grow at her work. She will be a great mother! One detail that I forgot to mention, she is the best cook I have ever known! Her carrot cake is the best.

Rachel Writes About Jacob:

Loving, patient and outgoing, Jacob is a social and passionate person! He is family oriented and enjoys time with our friends and family. I know he will be a great father because he is great with kids, and our two nieces adore him. Since he is very loving and patient, I know he will be a great father.

Thank you for taking the time to read our letter.

We hope you learned about us and why we are adopting. We know this is not an easy process, and we wish you well in your adoption journey! We would love to get to know you.
