OUR STORY

We met in college and were married in 2017 in rural Minnesota at Leah's childhood church.

Our marriage is built on shared values, adventure, and a deep appreciation for home life. Whether it's family camping trips, adventures with friends, our long-awaited honeymoon to Rome, or a spontaneous trip to see Taylor Swift in Poland, we love to travel. Yet, after every adventure, coming home feels even more special.

It's the everyday moments—walking the dog, home projects, gardening, and cooking meals together—that we truly cherish.

HELLO

We deeply admire your strength, and please know we're rooting for you regardless of the decision you make.

Knowing that we couldn't have biological children, we've eagerly awaited the opportunity to adopt.

Our home in the Twin Cities is filled with love, good cheer, and support for all who enter! We look forward to building an ongoing and meaningful relationship with you if that is also your wish.

ABOUT LEAH BY MATT

Leah is a vibrant and loving person, brimming with creativity. Whether she's building a set of end tables, crafting a legal

argument as an attorney, or planning a weekend with our neices and nephews, she puts her heart into everything she does. Her thoughtfulness creates a space where everyone feels welcome! That same dedication and love will shine through in motherhood, creating a nurturing and joyful home for our future child.

ABOUT MATT BY LEAH

Matt has many talents that make him a wonderful husband. His heart for cooking meals is matched only by his love of sports and other competitive activities (including chess). Matt

has a keen eye for traveling logistics when visiting family and planning vacations. Matt's intelligence and thoroughness are natural gifts that help him in his career as an accountant. He always prioritizes the people he cares about, whether it's maintaining lifelong friendships or bringing family together for meaningful gatherings.

WHAT MATTERS TO US

ACTIVITY

Staying active and healthy is important to both of us. Leah loves rock climbing and pilates, while Matt enjoys running and weight lifting.

Leah stays connected to her farming roots by gardening and sourcing farm-raised meat.

WE RECENTLY WENT TO ROME AND SAW THE TREVI FOUNTAIN IN REAL LIFE!

THANK YOU

We feel incredibly blessed that you would consider us. We're so excited about the everyday joys of family life with a child! More than anything, we look forward to discovering what makes them tick and supporting them as they grow into who they are meant to be.

Please know that you are in our prayers. We hope to have the chance to meet you, hear your story, and learn more about the hopes you have for your child.
