

Hello!

Thank you for taking the time to learn about us.

We hope to build a relationship that supports both you and your child during this process.

Please know you have our deepest respect and gratitude for considering adoption, and we would like to have an open relationship with you, if that is what you wish.

Alexandra & Josh

Marlee

Marlee is our talkative, friendly Maine Coon. She loves to cuddle with family and run to the door to greet our friends and play with their kids.

Our Story

We met in 2014 when Josh got his hair cut by Alexandra. After a first date of homemade spaghetti (by Josh!) and cheesy tv, we became inseparable and married in 2017.

We have always wanted to adopt, so when we found out it was medically unwise for Alexandra to have biological children, we knew adoption was the path we were meant to follow!

About Us

We live an hour south of Mankato, MN in a close-knit community with a house on the river and a backyard filled with flower and vegetable gardens.

Our favorite activities include golfing, making pizza on Fridays, Sunday crosswords, and hosting friends for bonfires and card games. We especially enjoy traveling to Washington state to explore the mountains and coastline with Alexandra's family.

We equally cherish weekends with Josh's family at the farm or trips to a rental that will fit all 21 of us!

Josh

Josh grew up on the family farm outside of the town where we now live. He attended the University of MN for Genetics and is an avid Gophers fan. Josh works as a scientist at a vaccine company where he enjoys collaborating with and mentoring coworkers.

Josh enjoys cooking, finding new recipes and restaurants, sports, golf trips with friends, and attending his nephews' sporting events.

He can't wait to be a fun, active dad!

Alexandra describes Josh as: Dedicated, thoughtful, and easygoing. His smile lights up a room, particularly after a good dad joke.

Alexandra

Alexandra grew up in southern MN and went to school in Madison, WI for History where she became a lifelong Packers fan. She is **passionate about the needs of children** and can't wait to become a mom! Alexandra works as a special education teacher with students that have emotional and behavioral disorders.

Alexandra enjoys gardening, reading, and podcasts. She loves being outside in any season and can often be found completing DIY projects, especially if they include power tools!

Josh describes Alexandra as: A loving, compassionate, and genuine person who takes joy in helping and nurturing others.

Thank You

Thank you for taking the time to consider us. We hope to hear from you and learn more about how we can support you in your journey. It's our promise to love your child unconditionally and to raise them in a home filled with laughter, adventure, honesty, and kindness.

We would love the opportunity to meet and get to know you!

- Josh & Alexandra
