

Katie & Matt

We were set up by a friend and bonded over our mutual love for music and the outdoors. For over ten years, we have been on countless adventures together. Becoming parents and sharing our passions with Misha has brought even more joy to our lives.

We believe in being open, patient, and kind. We nurture these values through our love of the outdoors and exploring new countries and cultures. One of our dreams is to visit every national park in the United States as a family.

Hello!

Thank you for taking the time to read our letter. We recognize this is a difficult time in your life and have immense respect for your decision. We are open to an adoption plan you are comfortable with.

Both our families have been touched by adoption – Katie has a sibling by adoption and Matt's sister chose adoption for her child. We have always thought about growing our family this way, particularly after a difficult pregnancy with our son, Misha.

Home Life

We live in a family-friendly, tight-knit neighborhood in Minneapolis. In the summer, we go on long walks to nearby parks and lakes, stopping at farmer's markets or cafes for treats. In the winter, we cross-country ski, sled, and snowshoe. We often gather with nearby family to cheer on the Vikings, have a potluck, or play a friendly round of golf.

Katie

is an adventure enthusiast – always planning our next trip to hike, see friends, or discover a new place. An engineer at heart, she enjoys Legos and puzzles.

Katie works as an attorney who helps protect inventions that improve people's lives.

Thoughtful and generous, she always makes time for people she loves. Her favorite part of being a mom is experiencing the world through Misha's eyes and sharing in his joy.

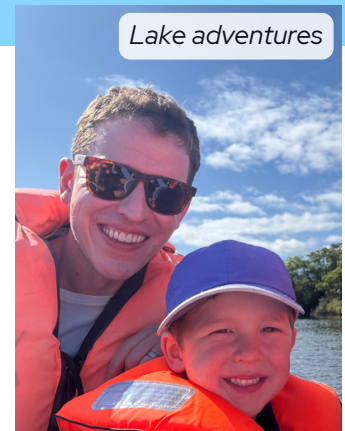

Matt

is a fishing enthusiast who enjoys wading in a river, floating in a canoe, or sitting in an icehouse. Enjoying all types of music, he creates playlists for any occasion.

Matt works at a bank helping people buy houses.

He has an infectious laugh that is especially amplified when in the same room as his dad and brother! His favorite part of being a dad is learning, growing, and being silly together.

Misha

is an enthusiastic and caring four-year-old who is constantly exploring the world around him! He loves to read books about space and dinosaurs, help dad cook and mom bake, and have dance parties with the whole family.

Misha has fun getting together with his cousins, and video chatting and visiting close relatives in Chicago. We know he will be an awesome big brother!

We hope for the opportunity to get to know you and hear your story!
