

*Hello and
Thank You*

*for taking
the time to read
our letter!*

We cannot begin to imagine the difficulty of this journey for you. We admire your courage and strength to make an adoption plan for your child. With us, your child will know how much you truly love them, and we will work together to create an open adoption plan, if you wish!

Jake And Joy

Why We Are Adopting

We are not able to biologically have a child, and we are so excited to follow the path before us and create a family through adoption! We look forward to raising a child who looks for the beauty in people and the world and treats others as they want to be treated. It is important to us that a child has the opportunity to be independent while always feeling supported and loved!

Careers

With a graduate degree in education, Joy has worked over 15 years as a special education teacher. Her goal is to help students learn the skills they need to obtain their dreams. She believes that all children can grow and learn with a loving and strong support system!

Jake works in the field of technology as a systems engineer and is a proud member of the army reserves. His IT job keeps him close to home but he does have to travel for military duties during the year.

4TH OF JULY

About Us: Interests and Fun!

Jake enjoys working with his tools, DIY projects, and working out. Joy enjoys cooking, reading, crocheting, and finding DIY projects for Jake. Together we enjoy taking trips with the side-by-side, spending time on the water, growing our garden, time with family, and searching for the perfect sunset. We look forward to sharing our adventures with a child.

Home and Family

We grew up only miles apart just an hour outside the Twin Cities and met for the first time in 2021. We have been together ever since.

We live just outside of a small town with the benefits of a lake across the road. We have an amazing support system of family and friends in the surrounding area including our parents, siblings, and their families.

LEFT, JOY'S YUMMY HOBBY.
BELOW, LEARNING TO SURF!

Thank You for Reading Our Letter!

While we have not met, please know we will pray that you find comfort and strength in your decision. We hope to hear from you!

*With love,
Jake & Joy*
