

Flossie & Colin

Hi!

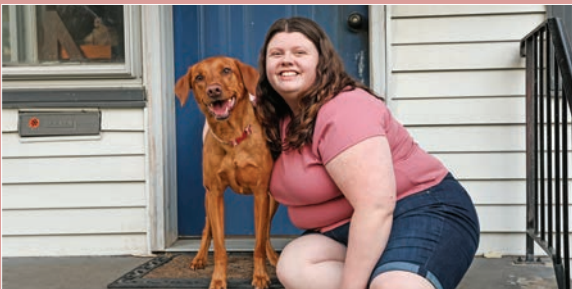

Thank you so much for taking the time to read our letter! We admire your strength and resilience through what may be a very difficult time. We would be honored to be a part of your journey. After being diagnosed with infertility, we are now thrilled to grow our family through adoption! We are comfortable with an open adoption plan if you wish.

Our Story

Flossie was born in England and moved to Massachusetts at 18 months old. Colin grew up in Nebraska and Iowa - little did he know that one day he'd fall in love with a woman from across the pond! We met in Iowa while Flossie was attending law school and Colin was working as an engineer. After a year as a couple, we started living together during quarantine for COVID (the perfect time to move in together!). Following Flossie's graduation from law school, we moved to the Twin Cities and got married with our wonderful family and friends attending from all over the country and world. We love our story and it is filled with lots of love and laughter. We are so excited to continue our journey and grow our family through adoption!

Colin says about Flossie

Flossie is EMPATHETIC, CONSIDERATE, SMART, FUNNY, and LOVING. She loves CARING for others and being PLAYFUL with our dogs. She's always dreamed about becoming a mom, and I know she will be FANTASTIC!

Flossie says about Colin

Colin is KIND, GENEROUS, FUNNY, SMART, and GOOFY. He adores our dogs and cares for them with COMPASSION and PATIENCE. He's going to be an AWESOME dad!

Amber and Johnny

Amber is a sweet, fun, and cuddly labrador retriever. Johnny is a goofy, gentle, and playful mixed breed rescue. Both love to play fetch and snuggle with our nieces and nephews!

Family and Friends

Though both of our families live out of state, we maintain very close bonds. Flossie FaceTimes with her parents daily, and we often visit our families (including ten nieces and nephews) for long weekends and holidays. Everyone is very excited to welcome a new addition to the family by adoption, and your child would be embraced and loved deeply!

Since moving to Minnesota, we have established an incredible community of close friends who are extremely supportive and excited about our plans to adopt!

Together

READING (mysteries and fantasy for Flossie, nonfiction and sci-fi for Colin!), SWIMMING, HIKING, and PLAYING outside with the dogs

Career

We are both very fortunate to have been successful in our careers: Flossie as an attorney and Colin as an engineer. Although our careers are rewarding and provide financial stability, our main priority in life is our family! We are very grateful to work with bosses and coworkers that prioritize families and strongly support us in our plans to become parents through adoption.

Flossie Yoga, singing in a local choir (and Taylor Swift in the car!), creative writing

Colin Ultimate frisbee in a local rec league, board games, rock climbing

Fun

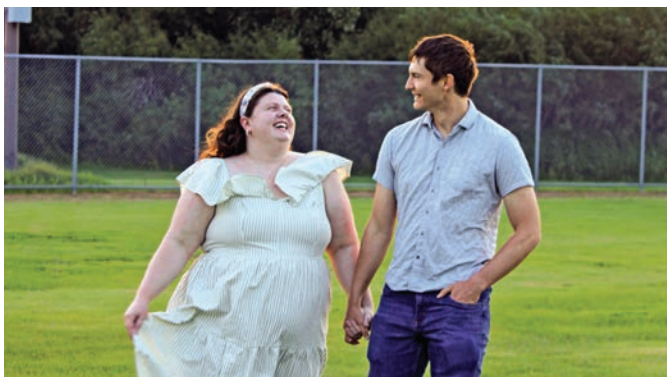

For date nights, we love to see MUSICALS, try new RESTAURANTS, visit MUSEUMS, and puzzle our way through ESCAPE ROOMS!

Food

Colin is an amazing cook, and we love having dinner together every night, experimenting with new foods, and going out to restaurants. One of Flossie's favorites is Colin's homemade mac-and-cheese, which children love! :)

Travel

We love traveling near and far to experience new places, people, and cultures. One of our favorite trips was our honeymoon to Germany. We are so excited to share our love of exploration and adventure with a child!

Thank You

Thank you for reading about us and our life and for considering us as parents for your child. We would love to hear from you and become a part of your story!

-Flossie & Colin
