

KATIE and JT

Hello!

Our hearts go out to you as we can only imagine how you feel right now. Please know that we think you are truly brave and we'd be honored to walk with you through this journey and explore an adoption plan that you're comfortable with.

After struggling with infertility and losing a child to miscarriage, we are so grateful for the opportunity to adopt. We've always dreamed of being parents and would provide a home filled with love, protection, and endless days of adventure!

about us

We met in 2016 and connected on every level, from our love for travel to closet nerdiness and passion for helping animals. We are absolutely each other's best friend!

Our home is in Southeastern Minnesota, and we love the area - endless outdoor activities and a family-oriented atmosphere!

We also believe life is way too short to wait on enjoying it, which is why we travel (a lot!), and we can't wait to include a child on those adventures!

Both graduating from college, JT is now a Director of Media Sales while Katie is a Clinical Respiratory Therapist.

We enjoy outdoor recreation, music, sports, eating out and so much more. Lastly, we love to volunteer, especially supporting animal charities.
