

Thank you for taking the time to consider us as adoptive parents! We have the greatest respect for you and your courage to consider adoption. Our hearts go out to you as you find yourself in this current situation. We hope this letter helps you make the best decision for you and your baby.

We met in 2018 and quickly discovered that we were each other's "person"! Who knew that a first date at Top Golf and a shared liking of hip-hop music would lead to true love and a lifetime of shared interests.

We got married in 2021, bought our home, and adopted our dog Xanadu. We are now excited to take the next step in our journey to start a family through adoption!

We truly enjoy each other's company; whether it's golfing, relaxing at the family cabin, traveling, fishing, working on DIY house projects, or playing with our dog Xanadu.

We live in the suburban Twin Cities area near schools, parks, restaurants, and playgrounds. Our parents, siblings, nieces, and nephews live nearby! Our home is often filled with friends and family, as we love to host and share our lives with others.

OUR ADOPTION JOURNEY

We knew early in our relationship that we would not be able to have biological children, yet we are extremely grateful that God's plan for us is to create a family through adoption.

We are happy and open to consider an adoption plan that makes you comfortable. We are very excited for what the future holds!
