

REENA & JOHN

THANK YOU!

for reading our letter and getting to know us a bit! BIG HUGS to you, as we can only empathize with the weight of your decision and can't imagine what you are going through.

We both have always wanted a family, but we have struggled with infertility and cannot have children of our own. We knew adoption was a path we wanted to pursue and are so excited for this journey! We are comfortable with an open adoption and communication if that is YOUR desire.
