

Jason & Katrina

Our Story

Hello!

We are honored you would take time to learn how your story could become part of ours. Your courage, strength, and love for your child is inspiring! We are thrilled you would consider us to love, support, and cherish them. Due to pregnancy risk, another biological child is not an option for our family. We are excited to expand our family through adoption! We hope we can be the ones to help you feel peace and comfort through your journey. We envision an open relationship if you wish.

February 2017

First date: Outdoor Skating!

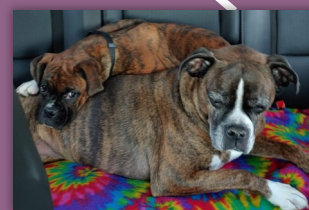

July 2018

Engaged!

June 15, 2019

Married!

Spring 2020

New puppy and first house!

Fall 2021

Became parents to Luke!

Call/Text: (612) 444-1396

Our Family

Jason:

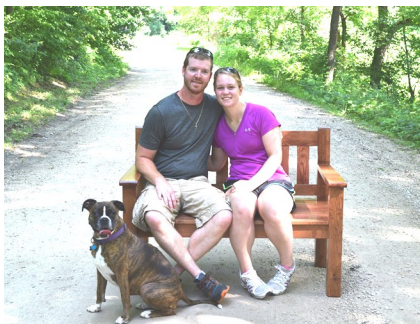

Personality: reserved, witty, calm, laid back, problem solver

Occupation: Carpenter

Interests: MN Twins baseball, woodworking, being outdoors, motorcycles, and Dodge trucks

Fun Fact: Jason has made most of the furniture in our home; the bench that he proposed with (see picture!), our dining room table, and Luke's crib!

As a dad and husband: Jason easily transforms into the fun tickle monster or a teddy bear for Luke when he needs to snuggle. He consistently provides and protects our family; always doing his best to ensure that we are taken care of.

Katrina:

Personality: organized planner, outgoing, optimistic, patient, fiercely loyal

Occupation: Occupational Therapist

Interests: baking donuts and homemade pasta sauces from scratch, reading, hockey, softball, and board games

Fun Fact: Katrina is left handed.

As a mom and wife: She loves by spending quality time with her family and friends; she has every Thursday off for time with just her and Luke. Katrina ensures our home is inviting, clean, and always filled with laughter and memories!

Luke:

Personality: curious, energetic, talkative, and smart

Interests: Dinosaurs, cars, books, dance parties to 90s country, riding his gator and bike, climbing, swinging, or any sports activity

Fun fact: He is interested in anything that has to do with tools to be "just like dad".

Our Family Life

As parents, we strive to share with Luke (and hope to share with a new addition):

- our unconditional love
- acknowledging each child's unique gifts
- working hard towards goals and passions
- finding joy in people instead of material things
- honor and respect for everyone

We enjoy family hikes, the zoo, camping, going to grandma's nearby, street dances to country music, and gardening (we did watermelons!). We live on 5 acres with plenty of room to play located 1.5 hours from the twin cities with a county park near our house and spend as much time outdoors as possible! Two of the most common phrases you'll hear in our house include: "you can make a mess; you just have to clean it up" and "can we have popcorn tonight?" We are constantly exploring, love popcorn, and socialize often with family and friends. Thank you for reading our letter; we'd love to hear from you!

Our thoughts and prayers,

Jason & Katrina
