

Kaila & Hunter

Hi! It's difficult to put into words how much we admire the extremely brave and selfless decision you are making. It's not lost on us how incredibly hard this time must be for you, so please know you have our total respect and support throughout this process! If it's your wish, we'd love to plan your child's future together and are open to an ongoing relationship with you!

We're Excited to Adopt Again!

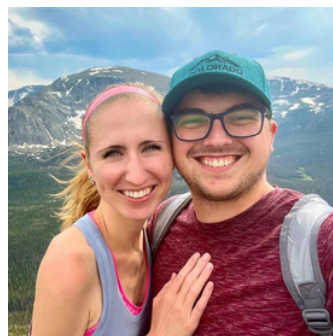

Choosing adoption was not a difficult decision for us and rather our very first avenue of growing our family. Both of us have important people in our lives who were adopted, which makes the concept of adoption naturally resonate with us. We've now adopted once and there is nothing that compares to our immense love for our little girl and her birth mom who we keep in contact with! We're thrilled about our choice to adopt once again to become a family of four.

We have two lovable Yorkies, May and Ivy.

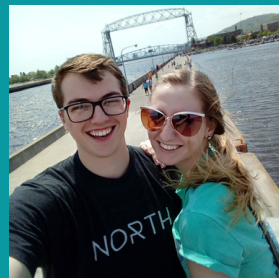

Kinley loves to sing, dance, and play with dogs!

We enjoy hiking and traveling as a family!

Our Lifestyle

We live an active lifestyle valuing faith, education, self-expression, and kindness! We're blessed to live in a wonderful, safe, suburban Twins Cities neighborhood filled with young families and close to schools and parks. We love to travel and explore new places and experience new firsts as a family!

Our Promise for Your Child

We promise to love your child unconditionally in a home full of joy, faith, compassion, and encouragement, surrounded by our large group of supportive family and friends. We will be open about adoption and ensure your child always knows how much they're loved, both by you and us!

Thank you for your time considering us. We hope you now have a sense of who we are.

We'd love to hear from you!
