

Hello!

How are you doing? We are deeply grateful for the opportunity to introduce ourselves and share our story with you. We cannot begin to imagine the strength and courage it takes to consider adoption for your child, and we want you to know that we hold the utmost respect and admiration for your decision.

Our names are Denise and Gary, and we have been married since 2018. Our journey together has been filled with love, laughter, and a deep desire to grow our family.

We have always dreamed of expanding our family and providing a child with a home filled with warmth, support, and endless love.

We live in a welcoming south metro, suburban neighborhood, surrounded by friends and family who are excited to embrace a new member into our lives. Our home is filled with music, books, and the aroma of home-cooked meals. We value education, creativity, and kindness, and we are committed to nurturing these qualities in a child.

Family is at the heart of everything we do. We cherish traditions like Sunday dinners,

holiday celebrations, and summer trips to the beach. We look forward to sharing these moments and creating new memories with a child.

We promise to provide a safe, stable, and loving environment where your child can grow and thrive. We will encourage curiosity, support their dreams and celebrate individuality and honor their heritage, race and culture. We are committed to open and honest communication and are open to maintaining a relationship with you, if that is your choice.

Thank you for considering us as potential parents for your child. We admire your bravery and selflessness, and we are honored to be a part of your journey.

No matter what decision you make, we send you peace and comfort in the days ahead.

With heartfelt gratitude,

*Denise
& Gary*

Denise

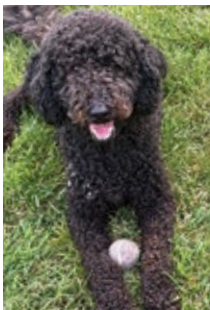

(by Gary)

Denise is honest, kind and generous. I have no doubt she will be an amazing mother! She is one of the most thoughtful people I have met. She pushes me to be the best me and encourages me to try new things and experience the world. Denise loves being outdoors, traveling, cooking and spending time with family and friends. She takes great care of everyone in her life and often puts others' needs in front of her own.

Gary

(by Denise)

Gary works hard and plays hard. He is funny and makes me laugh. A kid at heart and is a lot of fun to be around! Gary is a great dad to his 3 children from a previous marriage. He loves playing games, staying active and playing sports, especially volleyball. He loves telling 'Dad' jokes and watching reality TV shows such as Survivor and Big Brother.

Drekker, Charli and Mousse

Our dogs, all Goldendoodles, are the most loving dogs who are always ready and willing to get attention from anyone. Drekker, our oldest, knows what he wants and will let everyone know when he wants to eat, play or cuddle. Charli is the sweetest girl. She is tough though having to deal with two brothers. Mousse, the youngest is just that. He is known to plop his 60-pound self down on you, and at night loves to start his bedtime routine on the top of our pillows, laying right above our heads.
