

HELLO!

Thank you for taking time to learn about us.

We approach this journey with deep respect for you, your story, and the love you have for your child.

We have always hoped to be parents, and after struggling with infertility, we feel honored to be considered for this role in a child's life.

We're comfortable with the openness that feels best for you, and however this looks, we view you as family.

OUR STORY SO FAR

We met in 2018 at Dunn Brothers, where we shared our first of many coffees.

We connected over the importance of family, compassion, inclusion of others, and our love of bad American Idol auditions.

In 2021, we got married. Our marriage has been built on mutual respect, communication, and lots of humor.

STANTON

Megan says Stanton is patient, steady, and wise. People are drawn to him because he listens with intention and makes others feel seen and at ease.

Stanton works as a Senior Communications Specialist.

MEGAN

Stanton feels Megan is thoughtful, empathetic, and a natural connector — someone who makes others feel comfortable and understood.

Megan is a Children's Mental Health Therapist.

OUR PUP

Winston is affectionate, lovable, and great with kids!

WHY ADOPT?

Megan's best friend was adopted. Also, our niece and nephew are not related by blood, but by love and the connection we share.

Our close friends are currently in the adoption process, and we're excited for our kiddos to grow up together.

OUR HOME

We live in a calm, family-oriented neighborhood in a Twin Cities suburb, with a playground and sports court close by.

Our home is welcoming, filled with books, home-cooked meals, soft blankets, and a steady flow of friends and family. (There is a warm yellow bedroom waiting to become a nursery)

- We connect through weekly get-togethers
- Our lives include cabin trips, family meals, movie nights, and backyard gatherings.

THANK YOU FOR LEARNING ABOUT US!

We promise to love your child wholeheartedly and unconditionally!

We will provide a safe, nurturing, & nonjudgmental home where a child can grow and become who they are meant to be.

We admire your courage and would love to join you on this journey.

Megan & Stanton*
