

ADOPTION IS OUR FAVORITE ADVENTURE YET

Pacific Coast, Oregon

KAT AND WILL

We were introduced by a mutual volleyball teammate in 2020 who knew we were both “nerdy athletes.” We soon discovered many mutual interests: traveling, hiking, motown music, reading, coaching, Minnesota sports teams, supporting the arts, and time with family and friends.

We married in 2024. Our home is a safe sanctuary in a family friendly neighborhood in the Northwest Metro area. We spend a lot of time with our big families, working on house and garden projects, and planning fun trips around the world!

THANK YOU MOMS!

We are so thrilled for the opportunity to adopt! Like so many couples, our road to having biological kids has been bumpy.

We are so thankful to strong and loving birth parents like you to help us build our family through adoption.

ABOUT WILL

WRITTEN BY KAT

Will is easygoing, fun-loving, adventurous, compassionate, and always optimistic! He is a sports and family medicine doctor, known for his big heart. When his mom was nearing the end of her cancer battle, he decided to go into medicine to help others. Will is the ultimate husband, dog dad and fun uncle to our three nieces and four nephews. With family always coming first, he is simply made to be a dad. I can't wait to have a front-row seat!
