

Aaron
and Courtney

HELLO!

Thank you for taking a few moments to learn about us.

Adoption has been on our hearts for a long time, and we're honored that you will consider us during this process. Our hearts go out for you during this difficult time. We've always dreamed of becoming parents, but unable to have biological children, we are deeply grateful and so excited that this is the path we get to walk. We are open to an ongoing relationship, if you wish.

OUR STORY

We first met in Lubbock, Texas, and became best friends. We even played in a band together, with Aaron on bass and Courtney on vocals. We started dating while attending Texas Tech University, where Aaron studied Mechanical Engineering and Courtney studied Communication. Aaron proposed on our college campus decorated with thousands of Christmas lights (Courtney's favorite season)! After we married in 2011, we lived in Dallas, Texas, then moved to a small town in Minnesota, just outside the Twin Cities. It's a warm, forever home for us, close to parks, schools and great neighbors.

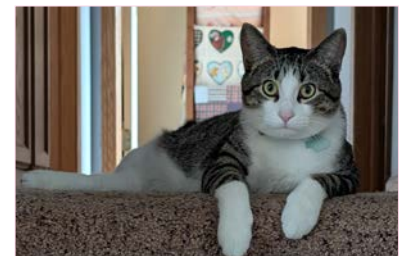

OUR LIFE TOGETHER

We love a good adventure, whether it's a family vacation (near and far), discovering a new trail, or a local coffee shop. We are also sports fans (especially football and hockey).

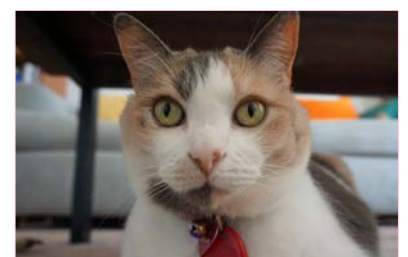

We love going to live music shows and playing in a pickleball league together. We are passionate about the outdoors, frequently going tent-camping, & our goal is to visit all Minnesota State Parks.

While we both work full-time, our days are not long. We enjoy our work, but more than anything, we value time together and prioritize family!

MEET OUR KITTIES

Eggs (above) is energetic and active and Niele (below) is sweet and cuddly.

ABOUT AARON

- ✓ Hard-working, loyal, intelligent
- ✓ Greatest strength is being kindhearted, selfless, intentional, and always ready to make people laugh
- ✓ Loves 3D printing, flying drones to film sunsets, and building things out of wood
- ✓ Loves grilling in the summer, reading, playing and listening to live music
- ✓ Works in telecommunications as a Test Engineer

ABOUT COURTNEY

- ✓ Natural energetic includer & everyone's biggest cheerleader with a warm and joyful spirit.
- ✓ Raised in Texas and New Mexico, and has a deep love for Tex-Mex food and green chilis
- ✓ Loves needle arts and quilting with her mom
- ✓ Loves baking sourdough bread, trying out new recipes, and watching British baking shows.
- ✓ Works for a Parks & Recreation Department designing fun programs and events for preschoolers

OUR HOME & NEIGHBORHOOD

We live in a wonderful small town just outside the Twin Cities, where our streets are quiet and friendly with kids always playing. Friendly neighbors often lend a hand or enjoy chatting together. Our home sits near parks and playgrounds where kids ride bikes, chase fireflies and grow up surrounded by people who care about them.

VALUES & TRADITIONS

Our hope is to raise a child who feels deeply loved & truly confident in who they are. Our Christian faith guides our actions, decisions, and how we treat others with love, grace, and compassion. Being part of a church community is important to us. We look forward to raising children where they'll be surrounded by encouragement, faith, and a strong sense of belonging.

Thank You

We're truly grateful for the opportunity and would love the chance to connect and hear your story! We promise to raise your child in a home filled with creativity, laughter, and unconditional love—surrounded by warmth every single day.

Thinking of you, Aaron and Courtney
