

Samantha & Landan

Hello!

We can't imagine all the emotions you may be feeling, and we honor and hold space for every part of your journey. We are deeply grateful that you are taking time to learn about us.

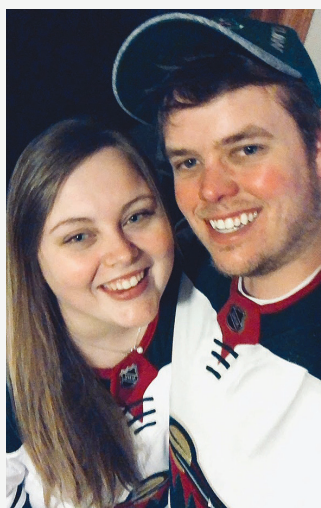

Becoming parents has been our greatest hope, and after an infertility diagnosis, we were led to adoption with open hearts. We are committed to an open adoption plan that supports you and your needs, and we hope to walk alongside you with care and love into the future.

WE WOULD LOVE TO MEET YOU

Us

Originally from Wisconsin, Sam moved to Minnesota in 2016 for graduate school. Landan has lived in Minnesota most of his life, with a year in Arizona for film school. Our first date was a walk around Lake Bde Maka Ska with conversation about family, life, and the future we hoped to build. We were married in 2021 and have built a life rooted in laughter, support, and showing up for each other every day in our home just outside the Twin Cities.

Parenting

We picture bedtime stories, cheering from the sidelines, family trips, and helping with homework around the kitchen table. We look forward to encouraging a child's curiosity and joy while making sure they always feel safe, supported, deeply loved by you and us, and celebrated for exactly who they are and where their story began.

Our **Little Companion** with a Big Heart:
Harley is joyful and loves cuddles from people.

Support System

Family and friends are a huge and meaningful part of our lives, and we are incredibly grateful for the love and support that surrounds us. We stay closely connected through weekends at the lake, family vacations, and frequent get-togethers. We have eight nieces and nephews and a large extended family. Our families are very close-knit and love celebrating life together, especially welcoming new babies.

Landan

(as told by Sam)

Landan is one of the most **CARING** people I know whether he's helping elderly neighbors with lawn care and snow removal or volunteering to coach youth football.

LOYAL AND HARDWORKING,

he is always supporting others and making them feel included. Landan is a Sr. Analyst in supply chain management for a large corporation. Throughout our infertility journey he brought a steady and calming presence. **HE WILL MAKE THE VERY BEST DAD!**

Sam

(as told by Landan)

Sam naturally brings warmth and compassion into everyday life. **CALM AND ENCOURAGING,** she makes people feel comfortable, heard, and valued. She approaches others with patience and curiosity. Sam always takes the time to listen and understand. Her **CARING HEART, GENTLE STRENGTH, AND JOY FOR LIFE** make others feel safe and supported. Sam works as a children's mental health therapist specializing in adoption/permanency and trauma.

Thank You!

Thank you for taking the time to read our story and get to know us. We deeply respect the love and thought you are putting into this decision and we would be honored to welcome your little one into our lives.
