

Ben & Carly

Hello,

We are excited to grow our family through adoption. We want to thank you for taking the time to consider us. We also want to acknowledge the **strength** and **courage** that it must take to make this decision for both you and your child. We promise to hold **grace** throughout this process and stand alongside you with an open adoption plan if you wish and navigate this journey **together**.

Started dating: 2008

Got Married: 2018

Adoption is in our lives and in our hearts for a long time. Ben's dad was adopted, along with his aunt and uncle. This has shown us how special adoption can be, as well as how difficult it must have been for birth parents to make that choice.

Our journey with pregnancy, along with grieving several losses has been difficult. **We know that adoption is a choice that we are confident in making, a journey we want to take and a love we are ready for.** We have so much love to give and we are more than ready to welcome another child into our lives.

Our pup, Riley

she was adopted at 8 weeks old and is the biggest teddy bear!

We want you to meet, Greta.

Greta is our biological daughter. From a young age, she always has made sure everyone else is okay, always looking to help however she can. She has the biggest heart and is so excited that we are growing our family.

We are thankful for our village. We come from good, strong families that are nearby, supportive, and present in our lives. We also have a strong core group of friends since childhood full of kindness, support, and open arms. We enjoy BBQ gatherings, sporting events, cabin weekends up north, and trips to the mountains together. Our village is rooting for us and holds space for you as well!
