

Mike & Sarah

We met through mutual friends in 2015 and were married in 2017. We quickly realized how much we had in common, our love for adventure, the outdoors, traveling, faith, and serving others.

After learning we were unable to have biological children, **our hearts were led to adoption.** What started as a difficult season became a new path, placing a deep desire in us to grow our family this way. **We truly believe we are meant to walk this journey** and feel so grateful to be on it with you!!

Hello!!

We are so thankful you're taking the time to read this! We have so much respect for the love and courage it takes to consider adoption, and **we hope you feel surrounded by support and love.**

We are overjoyed at the thought of becoming parents through adoption. If you desire, **we would love an open relationship** so your child always knows the love and story they come from.
