

ANDREW & MIKE

Hi there!

We are so excited to meet you, hear your story, and walk alongside you during this chapter of your life.

We know this decision comes from deep love and strength, and we already admire your courage more than words can say. We welcome an ongoing relationship if that feels right to you.

We've dreamed for years about becoming parents and building a family together. If you choose us, your child will grow up surrounded by laughter, adventure, stability, unconditional love, and a community of family and friends who will cheer them on every step of the way.

A FEW OF OUR FAVORITE THINGS

Matching Vespa scooters

Summers at the cabin tubing and pontooning with family & friends

Yahtzee, game nights and YouTube live performances

Family trips around the U.S

Family time with our parents, siblings, and grandparents – all of whom live nearby

Our story so far

We met in 2021 shortly after Andrew moved back home to Minnesota from Chicago. Our first date was at Stella's Fish Cafe, and we've spent every day together since.

We live in the Twin Cities close to parks, family, friends, and great schools. We also have a cabin an hour away that is our favorite place to unplug, spend time with loved ones, and enjoy Minnesota summers on the lake.

We got married in 2025 in a circus-themed wedding with costumes, stilt walkers, aerialists, and lots of dancing - which honestly feels like a pretty accurate representation of our life together: joyful, colorful, full of energy, and full of love!

Andrew

Loyal, endlessly curious, and hardworking

THE BEST IS YET TO COME!

We've spent our twenties building a joyful, stable, and loving life—filled with a cozy home, close friendships, meaningful careers, lake weekends, and cherished traditions, and we feel deeply ready for the next chapter: becoming dads. We're excited for both the everyday moments—bedtime stories, lunch packing, bike rides, cheering from the sidelines, birthdays, and holiday traditions—and the bigger adventures of parenthood. Above all, we want your child to grow up deeply loved, fully supported, and always secure in their story, including the love and strength behind your decision.

Thank you from the bottom of our hearts for considering us!
