

JEFF & NATALIE

WELCOME!

Thank you for reading our letter. Adoption has always been our first choice for growing our family, inspired by Natalie's work with children and our close friends who have adopted.

Our families are thrilled to welcome a little one as first-time grandparents, aunts, and uncles.

We deeply respect the difficult decision you are making. We are entirely open to an open adoption or whatever ongoing relationship feels most comfortable for you.

We hope this letter gives you a glimpse into our lives; we would love to hear from you at **612 424-1505** (text or call) or jeffandnatadopt@gmail.com. Also, click to visit [our website!](#)

OUR STORY

We met in Duluth, against the backdrop of Lake Superior. Natalie was finishing her Master's in Occupational Therapy, and Jeff was working as a law clerk for a judge on the north shore.

Natalie - The Advocate & Energizer

Working in schools, I adapt environments and celebrate "tiny wins" so every child can succeed! This passion carries over to volunteering with Big Brothers Big Sisters, where I love being a consistent, supportive mentor. As a parent, I'll be all-in—cheering from the sidelines, helping with school projects, and finding the next museum or park to explore!

Jeff - The Steady & Thoughtful

In my work in legal editing, I "see the forest through the trees." I am a stable and unshakeable presence- a "rock" providing security and a level head. I can't wait to be a calm, patient coach/dad on the sidelines, teaching the fundamentals of life with a focus on growth and fun!

The "Cuddle Squad":

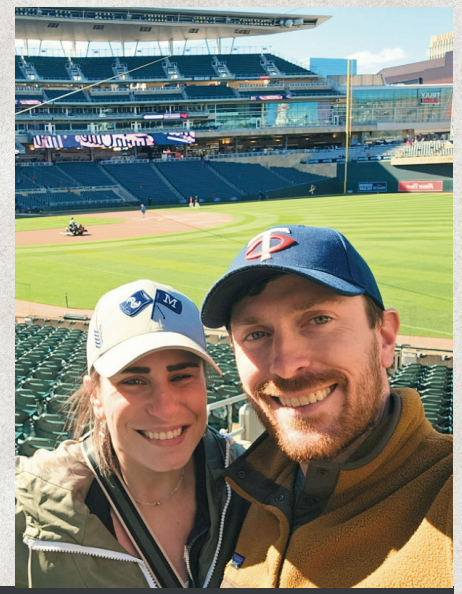

Our two kid-friendly rabbits contribute to our uniquely calm, fun, and sensory-friendly home.

THE GREAT COMPROMISE

We found our perfect middle ground in Loring Park- a balance between Natalie's high-energy NYC roots and Jeff's lakeside history in Grand Marais.

We love our diverse, accessible neighborhood, where Pride happens in our backyard and Target Field is just a bike ride away. From exploring the city's newest restaurants via public transit to visiting our commercial fisherman friends on the North Shore, we are active participants in the places we love.

We are building a life for a child that offers the best of both worlds: a vibrant, urban perspective backed by a loyal, steady community where they will always see themselves reflected in the people around them.
