

Our story:

We met 12 years ago online and have been married for 7 years. Our home is in the country, just 1/2 hour south of the Twin Cities. We love the quiet country life but can still enjoy what the cities have to offer.

Rachel & Doug

Thank you for taking the time to learn more about us. We are Doug, Rachel, and Regan. After years of infertility, we were blessed last year with our daughter. We are now hoping to continue to grow our family through adoption.

Our family understands this maybe a difficult time for you and have the utmost respect for you. It is our hope that you are supported and loved no matter what your decision may be. We are comfortable with open adoption, if that is your wish.

Call/Text Rachel: 612-470-2433 or

- Doug is thoughtful, supportive, and willing to help others. He is a semi truck mechanic.
- Rachel is caring, shy, and kind. She is a registered nurse working in a hospital and nursing home.
- Regan loves cooing, smiling, and watching all that is going on around her.
- Passionate about the outdoors, we love traveling, fishing, camping, hiking, four-wheeling, and playing with our dogs.
- Every year, we plant a huge garden, have a growing orchard, and have dabbled in furniture building with several pieces that we have built ourselves.
- As Christians, we belong to a church and will raise your child knowing the love that Christ has for them.

- Family is a big part of our lives. Both of our parents live nearby along with our siblings and our most extended family.
- We have nine nieces and nephews, that we love and cherish. It's been fun to watch them grow and to be part of that experience.
- Rachel's parents are excited for their 2nd grand baby.

Pets:

- Rosie is our frisbee-loving yellow lab.
- Gus is our 'can't get enough love' Bassett hound. Both adore their little sister.
