

MEGAN & BRETT

Hello!

While we haven't met you, we are incredibly grateful for this selfless decision you are making. Thank you for taking the time to learn about us. Adoption is a strong act of love, and we promise to love your child with everything we have. We hope this letter allows you to get to know us a little and see the type of parents we are and will be to your child. We are very comfortable with an open adoption plan, if that is your wish!

Why Adoption?

Knowing we wanted to have a large family, and with the help of fertility treatments, we welcomed our son, Jackson, in 2019. We have since learned that having more biological children is not an option for us.

Being Jackson's parents has been the greatest joy of our lives. Watching him grow into such a kind, confident, and caring little boy has only deepened our desire to grow our family. We are often told by teachers, coaches, family, and friends how thoughtful, respectful, and welcoming he is, and those moments remind us of the loving home we strive to create.

We both have very close ties to adoption through family and friends, so choosing adoption feels like a natural next step for our family. We are so excited to share our love with another child. Jackson is already planning for the new baby, and we know he will be the most amazing brother, protector, and role model.

Duke is a true best friend who is great with all kids!
